1 (1) *Software and electronic communications are*
2 *increasingly being used by criminals to invade indi-*
3 *viduals' and businesses' computers without authoriza-*
4 *tion.*

5 (2) *Two particularly egregious types of such*
6 *schemes are the use of spyware and phishing scams.*

7 (3) *These schemes are often used to obtain per-*
8 *sonal information, such as bank account and credit*
9 *card numbers, which can then be used as a means to*
10 *commit other types of theft.*

11 (4) *In addition to the devastating damage that*
12 *these heinous activities can inflict on individuals and*
13 *businesses, they also undermine the confidence that*
14 *citizens have in using the Internet.*

15 (5) *The continued development of innovative*
16 *technologies in response to consumer demand is cru-*
17 *cial in the fight against spyware.*

18 (b) *SENSE OF CONGRESS.—Because of the serious na-*
19 *ture of these offenses, and the Internet's unique importance*
20 *in the daily lives of citizens and in interstate commerce,*
21 *it is the sense of Congress that the Department of Justice*
22 *should use the amendments made by this Act, and all other*
23 *available tools, vigorously to prosecute those who use*
24 *spyware to commit crimes and those that conduct phishing*
25 *and pharming scams.*
